Portfolio

AJDA ZAJC

Software Developer / Designer

Profile

Front-End Developer with 4 years of experience building clean, user-friendly interfaces using Vue.js, Next.js, Ruby on Rails, and Tailwind CSS. Skilled in UX/UI discovery and implementation, ensuring smooth user experiences from concept through execution. Strong collaborator with excellent communication and problem-solving abilities. Known for reliability, adaptability, and a proactive mindset, I enjoy tackling new projects that challenge both creativity and technical skills.

Employment History

Software Developer / Designer, MooHero

Ljubljana

Creating the UI interface at a rapidly growing startup that creates smart collars with heat detection, where I've learned to adapt quickly and deliver solutions in a dynamic environment.

Co-Founder, Topsi.ai

Jan 2025 — Present   Ljubljana

Co-founder of Topsi AI, an AI-powered tool for hairdressers that simplifies their day-to-day process, giving them color confidence and client clarity all in one place.

Software Developer, Popsy

Jun 2021 — Jan 2023

Built a no-code website builder that was accepted into Y Combinator.

STRENGTHS

Team player

As a dedicated team player, I am able to effectively collaborate and communicate with others to achieve shared goals.

Attention to detail

My attention to detail is a key strength in delivering good work.

Quick learner

When a topic captivates my interest, I tend to have a remarkable retention for it.

Education

University of Ljubljana, Social Informatics

2024

MY LIFE PHILOSOPHY

Watch your thoughts, they become your words watch your words they become your actions watch your actions, they become your habits watch your habits, they become your character watch your character, it becomes your destiny.
